Protected by anodized aluminum handles, this new addition to the Juice™ family contains needlenose pliers, straight knife, wire cutters and three screwdrivers. Also features a file, opener and awl. A lanyard attachment makes it easy to attach the P4 to a key ring or zipper. Weighs slightly less than two ounces and measures 2.25 inches in length. Your choice of clamshell or box packaging. Available in the colors "Inferno," "Glacier" and "Storm," the P4 is covered by Leatherman's 25-year warranty.

Sleek and stylish define the Squirt™ S4. New to the Juice™ family, this scissors-based multi-tool offers the same tiny size and contoured anodized aluminum handles as the P4. Along with scissors and three screwdrivers, the S4 comes with replaceable tweezers. It's a unique design that is pure Leatherman. Combining multiple features with a smaller size and contoured shape, our five Juice models fit perfectly into your everyday life. New for 2002 are two exciting additions to the Juice family we call Squirt. Squirts are the most compact multi-tools we make. And this year, both Juice and Squirt models come in our newest color "Storm."

WHY BUY A LEATHERMAN?

In 1975, Tim Leatherman (totally picky engineer) found himself traveling through Europe when his car broke down. What Tim needed—a compact set of tools

complete with a good knife and full-sized pliers—didn't exist. So he invented it, spending seven years (picky!) perfecting the original Leatherman tool. Tim's

exacting standards make our multi-tools unlike any you've ever used. Put it to the test for yourself. There's nothing like a Leatherman.
